

IntestiNEW

PRODUCT KNOWLEDGE SHEET

WHAT IS INTESTINEW?

IntestiNEW is a natural formula used to support the integrity and healthy function of the intestinal tract lining. It can be used by anyone who wishes to improve their intestinal health.

HOW IS IT DELIVERED?

IntestiNEW is a powdered supplement that can be mixed into water or juice.

WHAT DOES IT DO?

IntestiNEW helps to rebuild and repair the intestinal tract lining, while also helping to reduce inflammation in the intestinal tract.

HOW DOES IT WORK?

The intestinal tract is vital to your overall health and well-being, as this is where nutrients are absorbed. The intestinal wall secretes mucus which forms a 'lining' that covers the surface of the intestinal tract. This lining is essential for proper digestion, immune function and overall health. The intestinal lining has many important functions, including:

1. Lubricating intestinal contents.
2. Helping with nutrient absorption by allowing properly digested nutrients into the bloodstream.
3. Serving as a protective barrier to prevent the absorption of unwanted toxins, parasites and undigested foods.

A healthy functioning intestinal tract replaces its cells about 2 times per week. The two main nutrients necessary to rebuild the intestinal lining are L-Glutamine and N-Acetyl-D-Glucosamine. L-Glutamine has been shown to increase intestinal villous height and stimulate mucosal cell growth in the intestinal tract (Miller, 1999) while N-Acetyl-D-Glucosamine, is required for tissue repair mechanisms (Salvatore et al, 2000).

By providing the body with a therapeutic dose of L-Glutamine as well as N-Acetyl-D-Glucosamine, IntestiNEW works to soothe and heal the damaged areas of the intestinal tract lining. This formula also provides ingredients which help to reduce inflammation and promote healing in the intestinal tract.

"A healthy intestinal lining helps determine the overall health of an individual. It plays a critical role in the absorption of beneficial nutrients and the blockage of unwanted compounds in the bloodstream". - Dr. Leonard Smith, M.D, Gastrointestinal Specialist.

HOW DO I TAKE IT?

Powder: Take one scoop of IntestiNEW powder mixed with water in the morning on an empty stomach.

WHAT CAN I EXPECT?

Those that suffer from leaky gut syndrome, poor intestinal health, Irritable Bowel Syndrome, Colitis and Crohn's disease should see an improvement in symptoms within 30 days of taking the product. Even if you do not suffer from these conditions, IntestiNEW can be used to maintain the overall health of your intestinal tract.

What does it contain?

INTESTINEW

IntestiNEW contains a mix of anti-inflammatory and intestinal supportive ingredients:

Repairs and rebuilds intestinal tract:

- ◆ L-Glutamine
 - ◆ *increases intestinal villous height, stimulates mucosal cell growth in the intestinal tract, and helps to maintain the mucosal cell integrity.*
- ◆ N-Acetyl-D-Glucosamine
 - ◆ *required for tissue repair mechanisms.*

Anti-inflammatory:

- ◆ Ginger Root
 - ◆ *anti-inflammatory properties.*
- ◆ Marigold Flower
 - ◆ *helps to alleviate mucous membrane inflammation.*

Demulcent (soothing):

- ◆ Marshmallow root
 - ◆ *alleviates local irritation.*
 - ◆ *inhibits mucociliary activity.*

Carminative (expels gas from stomach, intestines or bowel):

- ◆ Ginger Root

Enhances gastric & ileal movement:

- ◆ Gamma Oryzanol

Each Scoop (5.4g) Contains

L-Glutamine	5000mg
N-Acetyl-D-Glucosamine	200mg
Ginger Root (Zingiber officinale) 4:1 Extract	125mg
Gamma Oryzanol	35mg
Marigold Flower (Calendula officinalis)	20mg
Marshmallow Root (Althaea officinalis)	20mg

Ingredients: L-Glutamine, N-Acetyl D-Glucosamine, Ginger Root Extract (Zingiber officinale), Gamma Oryzanol, Marigold Flower (Calendula officinalis), Marshmallow Root (Althaea officinalis)

Warning: Must be used within the framework of a healthy way of life and not to be used like substitutes of a varied and balanced diet. Do not use if pregnant or lactating. Consult a health care practitioner if symptoms persist. Keep out of reach of children. Do not exceed daily dose recommended. Do not use if seal is broken.

Allergens: Contains ingredients derived from shell fish.

Store in a dry place away from direct sunlight and heat.
